

# PRECISION COUNTERTOPS

## **Covid 19 Response: How Precision Countertops Is Proactively Keeping Our Customers Safe**

As the situation and regulations around Covid-19 are always changing, Precision Countertops continues to be committed to closely monitoring any new developments. We are looking to the experts such as the Centers for Disease Control (CDC) for guidance.

### **What We Are Doing**

We've implemented the following protocols to ensure we are keeping your well-being, as well as our employees, the highest priority.

#### **•Mandatory Health Checks**

- ➔We require our workers in the field (installers and plumbers) to have temperature scans twice a day.
- ➔If an employee begins to feel sick while at work or at a residence installing countertops, we have clear guidelines on testing and informing any person who may have come into contact with an ill employee.

#### **•Showroom Policies**

- ➔All showroom employees must wear masks at all times and maintain social distancing
- ➔Showroom is kept at a safe capacity that adheres to safety guidelines
- ➔All surfaces are sanitized after each customer visit
- ➔Hand sanitizer and face masks offered to visitors

#### **•Virtual Appointments**

- ➔ If you don't feel comfortable coming into our showroom, we offer virtual appointments from the comfort of your own space. Whether you are just beginning a project or discussing an existing project, technology enables us to discuss your goals in a very safe way.

Our commitment is always to offer you the full value of the of the Precision Countertops experience, while keeping your safety our highest priority.
